- (iii) Since the Union Territory of Arunachal Pradesh has immense potential for economic development, this University should provide for such courses of studies so as to help in producing required skilled manpower for adequate economic exploration and provision of job opportunities and entrepreneurship in the Territory.
- (iv) Since this Territory has been neglected educationally for decades, it becomes the moral responsibility of the Government to provide adequate facilities for the people of the Territory to fill up the gap, speedily so that the people of the area could join the main-stream of the country at equal level with other citizens as best as possible.

Together with above recommendations of the committee of the Government of India for Development of Higher Education, the people of Arunachal Pradesh have also been pressing for a long time for the establishment of a University for the Union Territory and actually on a number of occasions the members of the Legislative Assembly of Arunachal Pradesh have broached on the subject on the floor of the House and consequently looking to the dire needs for such an institution, the Government seeks to establish a University in Arunachal Pradesh in pursuance of the recommendations of the Committee on Development of Higher Education appointed by the Government of India.
