Feedback Mechanism

1. Design and Development:

- First, Meeting of the Board of Studies: where the subject experts design a framework for the collection of the materials for syllabus of Self Learning Materials (SLM).
- Decide and distribution of the works to the concerned authors.
- After the allotted time the materials collected are subjected to the first stage of editing that includes the structure and format, layout and content.
- Second Meeting of the Board of Studies: where further changes are made in the SLM.
- Second stage of editing of the SLM which includes proof reading.
- The prepared SLM is further placed for approval in the Board of Management (BOM).
- After the BOM, the SLM is passed onto and reviewed by the Academic Council (AC) of the University.
- The SLM is then ready to be delivered. If disapproved by the AC, the whole process is restarted.

2. Delivery:
Delivery is done as:

- Self-Learning Material.
- Contact and Counseling Program.
- Personal Interaction and Counseling throughout the academic session.
- ICT (Social Media)

3. Evaluation:

The process of evaluation includes:

- Regular feedback from the coordinators
- Regular meetings of CIQA
- Meetings of BoS (Board of Studies) at regular interval
- Assignments
- Examination
